NEUROSCIENCE AND BEHAVIORAL PHYSIOLOGY

Volume 20, Numbers 1-6, 1990

Volume 20, Number 1, January-February, 1990

Model of Classical Conditioning on the Isolated Mollusk CNS - N. V. Babkina and L. E. Tsitolovskii..... 1
Dynamics of Reactions of Nonspecific and Somatic Activation During Biofeedback Training - S. A. Smirnov and I. B. Kozlovskaya..... 5
Characteristics of Motor Potentials on Impairment of the Function of Subcortical Human Brain Motor Structures - E. M. Troshina..... 12
Behavioral Plasticity of *Myrmica rubra* ants during Learning in a Multi-alternative Symmetrical Labyrinth - B. A. Dashevskii, A. Ya. Karas', and G. P. Udalova..... 18
Comparative Analysis of the Action of a Vasopressin Analogue on Functionally Different Neurons of the Edible Snail - I. V. Kudryashova..... 26
Influence of Morphine on Behavioral Effects of Pharmacological Stimulation of Cholinergic Structures of the Cat Brain - N. P. Shugalev..... 32
Ultrastructural Changes in Synapses of Rat Cortical Neurons on Their Functional Isolation by means of EGTA Ionophoresis - B. I. Kotlyar, G. G. Khludova, and A. A. Myasnikov..... 34
Role of Cholinergic Mechanisms in Alterations of Rabbit Brain Functional Activity during Sea-Sickness - V. F. Maksimuk and N. A. Skoromnyi..... 36
Structural-Functional Organization of Thalamic Deficiency - E. I. Mukhin.... 46
Role of Certain Hormones with General Metabolic Action in the Expression of Sexual Differentiation of the Rat Liver with respect to a Special Estrogen-Binding Protein - O. V. Smirnova, T. G. Vishnyakova, and V. B. Rozen..... 51
Ultrastructure of Cells of the Neural Crest - A. A. Sosunov, P. P. Kruglyakov, G. V. Belyanina, and V. N. Shvalev..... 57
Neuronal Organization of Field 4 of the Cat Cerebral Motor Cortex - A. B. Melik-Musyan..... 65
Topographic Organization of Amygdaloid Nuclear Projections to the Putamen in Cats - A. I. Gorbachevskaya..... 69
Changes in Cutaneous-Fascial Autotransplant after Transplantation on Vascular-Nervous Connections Using Microsurgical Technique - K. P. Pshenisnov, V. B. Sidorov, K. I. Panchenko, and V. A. Krivov... 75
Localization of Alcohol- and Aldehyde Dehydrogenase in the Human Spinal Cord and Brain - P. A. Motavkin, V. E. Okhotin, O. O. Konovko, and S. M. Zimatkin..... 79
Pathways of Peripheral Nerve Microvascularization and Their Plasticity (Review) - E. P. Mel'man..... 84

Volume 20, Number 2, March-April, 1990

Changes in the Sensorimotor Cortex of Offspring after Chronic Intoxication by Tobacco Smoke through the Mother–Fetus System - R. P. Kleshcheva.... 95
Aldehyde Dehydrogenase Activity in Rat Cerebral Structures - S. M. Zimatkin..... 98

Ultrastructural Organization of the Medial Preoptic Region of the Hypothalamus and Its Alterations under the Influence of Pyrogens - L. I. Archakova, E. M. Belyavskii, and V. N. Gurin..... 103
Influence of Active Immunization of Rats with Conjugate Serotonin–Protein Antigen on Content of Biogenic Amines in the Brain and on Behavioral Responses - L. A. Basharova, L. A. Vetrilé, V. A. Evseev, E. A. Gromova, N. V. Bobkova, L. A. Plakzhinas, and L. E. Fast..... 109
Role of Adrenoreceptors in Activation of the Hypothalamo-hypophyseo-testicular Complex of Mice Elicited by the Presence of the Female - E. V. Naumenko, T. G. Amstislavskaya, and A. V. Osadchuk..... 114
Molecular Mechanisms of Neuronal Plasticity during Learning: the Role of Secondary Messengers - B. I. Kotlyar, and A. S. Pivovarov..... 118
Features of Participation of Spatial Memory in Choice Reactions of White Rats - G. E. Grigoryan and A. M. Stol'berg..... 136
Analysis of Neuronal Processes in Activating Systems of Rat Brain During Development of the Instrumental Defense Reflex - V. I. Slezin, B. Yu. Mileikovskii, and S. V. Verevkina..... 143
Influence of Stimulation of the CA_3 Field of the Dorsal Hippocampus on Motor Polarization Dominant in Rabbits - E. V. Rusinova..... 149
Influence of an Enkephalin Derivative, DAGO, on Behavior and Activity of Neurons of the Neocortex and Hippocampus of Rabbits during Development of Defensive and Inhibitory Conditioned Reflexes - G. I. Shul'gina, N. V. Okhotnikov, S. O. Ryzhov, and M. V. Cherdakova..... 156
Temperature Reactions of the Rat Cerebral Cortex and Distant Effects of an Experimentally Induced Excitatory Focus - V. S. Rusinov, E. N. Tsykalov, and G. D. Kuznetsova..... 167
Monosynaptic Connection between Identified Snail Neurons - L. A. Berezhnaya and P. M. Balaban..... 174
Analysis of Spike Activity of Two Neurons Monosynaptically Excited by a Third, Using Cross-Correlation Histograms and Cox' Method. Possibility of Detecting Plasticity of Neurons and Synapses - V. A. Zosimovskii.... 178
Changes in Behavioral Responses of Nereids to Vibration after Unconditioned Stimulation - A. N. Inozemtsev..... 185

Volume 20, Number 3, May-June, 1990

Influence of Neurohypophyseal Peptides on The Formation of Active Avoidance Conditioned Reflex Behavior - R. Sh. Ibragimov..... 189
Electrophysiological Investigation of the Hippocampal Projections to the Neurosecretory Cells of the Supraoptic Nucleus of the Rat Hypothalamus - N. P. Prutskova and Yu. A. Petrov..... 194
Analysis of "Scalp Potential Fields" and Three-Dimensional Localization of the Sources of Epileptic Activity of the Human Brain - Yu. M. Koptelov and V. V. Gnezdnitskii..... 201
Age-Related Morphofunctional Features of the Adrenal Cortical Substance with the Administration of ACTH - V. M. Shaposhnikov..... 208
Projections of Neurons of the Substantia Nigra and the Ventral Field of the Midbrain Tegmen of the Cat to the Putamen - A. I. Gorbachevskaya... 211
Segment-by-Segment Histological Analysis of the Cervical Divsion of the Spinal Cord and of the Roots of the Spinal Nerves and Ganglia in Severe Craniocerebral Trauma - K. G. Tayushev..... 218
Some Principles of the Organization of the Preterminal and Terminal Ramifications of the Afferent Conductors in the Neuropil of the Dorsal Ganglia of the Edible Snail - L. A. Berezhnaya and T. A. Leontovich..... 224

"Reflexes of Purpose and Freedom" in the Comparative Physiology of Higher Nervous Activity - P. V. Simonov 230
Features of the Systemic Organization of Cortical Neurons with Different Forms of the Manifestation of a Conditioned Reflex to Time - A. G. Galashina and A. V. Bogdanov 236
Influence of Changes in the Effectiveness of Blockade of the Benzodiazepine-GABA Ionophore Complex on the Reproduction of the Amnestic Memory Trace in Mice after Preliminary Administration of Diazepam - R. Yu. Il'yuchenok, N. I. Dubrovina, and R. I. Parkhomenko 243
Coherence Analysis of the Electrical Activity of the Rabbit Brain in the Process of the Formation of the Polarization Dominant - E. V. Risunova, V. I. Davydova, and V. N. Mats 249
Influence of Dominant Motivation on the Functional Organization of Auditory Input to the Sensorimotor Cortex of the Cat Brain - Yu. V. Ivanova, L. A. Vasil'eva, and G. A. Kulikov 255
Blood-Flow and pO_2 in the Posterior Hypothalamus of Cats during Paradoxical Sleep - L. S. Nikolaishvili, L. Sh. Gobechiya, and M. I. Devdariani 262
Role of Cyclic Adenosine Monophosphate in Simple Forms of Plasticity in the Edible Snail - M. V. Storozhuk and P. M. Balaban 267
Electrophysiological Analysis of the Conditioned Reflex Activity of Cats During Thirst - A. S. Batuev and B. G. Gafurov 272
Influence of Extirpation of the Sensorimotor Area of the Cortex on the Formation of Conditioned Reflexes in Response to a Complex Signal in the Ontogenesis of the Cat - E. G. Zotova, L. A. Vasil'eva, and G. A. Tolchenova 279

Volume 20, Number 4, July-August, 1990

Temporal Specificity in the Action of Stimuli during the Formation of Associative Ultrastructural Reorganizations in Neurons of the Cerebral Cortex - B. I. Kotlyar, G. G. Khludova, A. A. Myasnikov, P. A. Gusev, and V. F. Lyal'ka 289
The Influence of the Probability of Random Performance of a Reaction to be Developed on the Rate of Formation of an Instrumental Reflex - A. B. Saltykov, A. V. Toloknov, and N. K. Khitrov 298
Prolonged Changes in Synaptic Efficiency and Cellular Excitability during Learning - R. G. Kozhedub 304
The Influence of Microiontophoretic Application of Acetylcholine on the Formation of Conditioned Reactions of Neurons of the Motor Cortex - Yu. S. Mednikova 310
The Role of $GABA_A$ and $GABA_B$ Receptors in the Development of Amnesia - R. I. Parkhomenko, N. I. Dubrovina, and R. Yu. Il'yuchenok 317
The Role of cGMP in the Extinction of the Reactions of Identified Neurons of the Edible Snail in Response to Acetylcholine - A. S. Pivovarov, E. I. Drozdova, and B. I. Kotlyar 323
Monosynaptic Connection: Identifiable Synapes in the CNS of the Edible Snail - G. G. Arakelov, I. V. Marakueva, and T. A. Palikhova 331
The Activity of Neurons of the Sensorimotor Cortex of the Rabbit with Constant and Partial Reinforcement of a Defensive Reflex - V. V. Trubachev 339

Long-Lasting Post-Tetanic Potentiation in the Sensorimotor Cortex of the Awake Rabbit - A. G. Gusev, L. A. Zhavaronkova, L. I. Antsiferova, and B. Aizenkhaber 342
The Reaction of Neurons of the Amygdaloid Complex in the Dynamics of the Estrous Cycle - L. B. Kalimullina 344
Immunochemical Identification of Vasopressin in Neurons and Granule-Containing Cells of Blood Vessels of the Human Brain - P. A. Motavkin, A. V. Lomakin, and Yu. I. Pigolkin 348
Features of Glial Growth in Tissue Cultures of Rat Cerebral Cortex - Yu. V. Balabanov, Yu. V. Bobryshev, and E. I. Chumasov 352
The Formation of ACTH-Containing Cells of the Hypothalamus and the Hypohysis in the Norm and in Protein Insufficiency - I. I. Babichenko and O. B. Savrova 359
The Participation of Mediator and Peptidergic Systems of the Brain in Conditioned Reflex Mechanisms - N. F. Suvorov, N. L. Voilokova, S. I. Shefer, A. F. Yakimovskii, and V. T. Shuvaev 365
The Recovery of Locomotion Following Partial Extripation of the Motor Cortex and Transplantation of Cortical Tissue in the White Rat - N. I. Vereshchak and D. N. Lenkov 371
Method of Visual Evoked Potential in the Assessment of the Condition of the Central Nervous Systems in Newborns - Yu. I. Barashnev, A. M. Kaz'min, A. S. Burkova, N. I. Kudashev, and O. E. Ozerova 378

Volume 20, Number 5, September-October, 1990

Perception of Complex Signals by Unrestrained Cats - I. V. Kalmykova 383
Activity of Forelimb Muscles under Vestibular Stimulation in Guinea Pigs with Cerebellum Removed - V. V. Marlinskii and F. I. Tsintsabadze 388
Dopamine Deficiency Syndrome in Children with a Special Reaction to Treatment with Levodopa Preparations - L. M. Shoshina, L. P. Grinio, and M. F. Mineeva 395
Complex Sensorimotor Choice Reaction Time in Individuals with Varied Functional Motility of Nervous Processes - N. V. Makarenko 401
Dynamics of the Temporal Parameters of Sensorimotor Reactions as a Function of Movement Type in Man - A. G. Smirnov and M. V. Polyakova 406
Cortical Multineuronal Activity in Dogs with Defensive Instrumental Conditioned Reflex - E. E. Dolbakyan, G. Kh. Merzhanova, and I. N. Tveritskaya 414
Influence of Acetylcholine on Shifts in Spatial Synchronization of Cortical Potentials of the Rabbit, Elicited by Reversible Interruption of the Associations of the Mammillary Bodies - N. S. Kurova, M. A. Kulikov, I. V. Murav'ev, and A. I. Yastrebtsov 421
Specialization of Motor Cortex Neurons in Rabbits under Normal Conditions and After Ablation of the Visual Cortex - Yu. I. Aleksandrov and Yu. V. Grinchenko 428
Modelling the Regulation of Theta-Rhythm by Increasing Afferent Inflow in Septal Slices - A. B. Belousov and O. S. Vinogradova 437
Role of Dopamine and Serotonin in Modulation of Snail Defensive Behavior - M. V. Chistyakova 446
Conditioned Inhibition of Action Potential Generation in Isolated *Helix pomatia* Neurons - T. N. Grechenko 452
Comparative Characteristics of Short-Term Plasticity in the Hippocampus of Mature and Developing Rats - O. B. Zubova, N. B. Oknina, G. M. Nikitina, Yu. B. Kuznetsov, and A. P. Kulaichev 459

Neuroendocrine Effects of Neonatal Action of Catechol-o-methyltransferase and Sex Steroids Inhibitor - N. D. Nosenko 462
Frontostriatal Relationships on Normal and Pathological Aging of the Human Brain - N. S. Orzhekhovskaya 465
Receptor Glomeruli and Their Ultrastructural Organization in the Arteries and Pia Mater of the Human Brain and Spinal Cord - P. A. Motavkin, A. V. Lomakin, Yu. I. Pigolkin, and V. M. Chertok 471

Volume 20, Number 6, November-December, 1990

Role of the Posterolateral Nucleus of the Thalamus in Mechanism of Information Transmission to the Visual Cortex - N. A. Gadzhieva, S. A. Gasanova, A. I. Dmitrenko, and L. É. Kul'gavin 477
Posttetanic Potentiation of Primary Response and Late Negative Wave in the Somatosensory Region of the Cortex of the Cat - I. V. Ocherashvili and R. P. Kashakashvili 484
Hyperbaric Oxygenation in Comprehensive Treatment of Parkinsonism - V. Ya. Neretin, M. A. Lobov, S. V. Kotov, G. F. Cheskidova, G. S. Molchanova, and O. G. Safronova 490
Influence of Local Injection of 5,7-DHT and 6-OH-DA into the Neocortex on Learning and Exploratory Behavior of Rats in the Open Field - Kh. Yu. Ismailova, G. G. Gasanov, T. P. Semenova, N. V. Bobkova, I. V. Nesterova, and E. A. Gromova 493
Interaction of Serotonin- and Dopaminergic Systems of the Brain in Mechanisms of Latent Inhibition in Rats - L. V. Loskutova, F. Ya. Luk'yanenko, and R. Yu. Il'yuchenok 500
Dependence of Electrical Activity of the Amygdaloid Complex on Level of Motivation and Emotional State of the Dog - V. A. Feshchenko and L. I. Chilingaryan 506
Pentagastrin Modulation of Sensitivity of Neurons of the Lateral Hypothalamus to Noradrenaline and Dopamine - E. V. Borisova and M. Filipp 514
Comparison of Coupling of Impulse Activity of Cerebral Cortical Neurons and Spatial Synchronicity of the EEG - I. V. Pavlova and V. N. Ponomarev 520
Functional Characteristics of the Mature and Developing Brain Following Neuroimmunization: Analysis of Short-Term Plasticity in the Rat Hippocampus - O. B. Zubova, N. B. Oknina, G. M. Nikitina, Yu. B. Kuznetsov, and A. P. Kulaichev 528
Neuronal Activity of Medial Wall of Frontal Cerebral Cortex of Rats at Various Stages of Learning - N. P. Kurzina 535
Modeling of Latent Inhibition in Rats by Activation of the Central Serotoninergic System - L. V. Loskutova, F. Ya. Luk'yanenko, and R. Yu. Il'yuchenok 541
Influence of Neurotransplantation on Search for Food in Rats Following Electrolytic Lesion of the Amygdala - I. V. Ermakova, E. V. Loseva, and V. P. Podachin 543
Features of Formation of Conditioned Responses in Isolated LPa_3 Neuron of the Edible Snail - T. N. Grechenko 546
Pathways of Activation and Change of the Endocrine Function of Testes Elicited by Effect of Presence of the Female - T. G. Amstislavskaya, A. V. Osadchuk, and E. V. Naumenko 549
Features of the Ultrastructure of the Cerebellar Cortex During Postnatal Development of Animals under Conditions of Protein-Energy Insufficiency and Subsequent Rehabilitation - D. I. Medvedev, I. I. Babichenko, A. I. Kravtsova, and I. Z. Eremina .. 552

Mechanism of Origination of Neuroparalytic Keratitis - G. G. Knyazev and G. B. Knyazeva 556
Features of the Ensemble Organization of the Human Cerebral Cortex from Birth to 20 Years of Age - L. K. Semenova, V. A. Vasil'eva, T. A. Tsekhmistrenko, and N. S. Shumeiko 558
